

Gobble, Gobble, Poinnnnnng!

JOSHUA TREE—"Oil up muh ole huntin' arn, Maw, hit's turkey shootin' time." Get the rust off your gun, and the lead out, 'cause the annual (third, that is) Turkey Shoot is about to begin. Just pick your target and choose your weapon (anything goes, except closed sights, tommy guns, shot guns or pistols) and if you're not blind or worried about who'll invite you to dinner if you don't get a bird then chances are you'll be the proud possessor of a Sunfair Turkey for Thanksgiving.

Harry Wheeler, president of the Sportsman's Club announces the following committee in charge of their third annual Turkey Shoot, Hubert Aldridge, Don Houghton, Bob Garry and Monty Norris. Preparations have been made for the largest shoot since its origination three years ago. Shooters from the entire desert area are looking forward to the attraction which has become one of the leading sporting events of the valley. Sunfair grown turkeys will be on display.

Big Uranium Deposit Near Dagget Declared Richest in State

Stockholders Club To Revive Pioneertown

PIONEERTOWN — The most enthusiastic news to come out of Pioneertown in many months of doldrums concerns the formation of a stockholder's club. Long a dormant group, due to management of Pioneertown's activities by a small select number of promoters and local merchants, the four hundred stock holders are being given an opportunity to plan and carry out the revival on Pioneertown through a common club. The stock holder's club, yet unnamed, will have present offices and club facilities at 11565 Venture Blvd., with eventual facilities in Pioneertown.

The stock holders club members will have a western style club complete with swimming pool and riding stables in Pioneertown where they may bring guests and prospective investors to be entertained in good, old western style.

To start the wagon rolling there will be a "Western Nite" Dance, or an election ball, for the purpose of raising funds and introducing the new officers of Pioneertown Corporation. Tim Spencer, author of "Room Full of Roses" is chairman in charge of entertainment. There will be door prizes and refreshments for members and their guests. Admission is one dollar per person and funds will be used to finish drilling the first of a series of new water wells.

Ambulance Association

JOSHUA TREE — There are now many members who are delinquent in their dues. Many memberships expired in October. Please refer to your postal card notice as to your date of expiration and be sure that you do not take a chance in letting it go by too long!

Dues \$3.00 per family for calendar year or portion thereof. No service without charge until seven (7) days after payment of dues.

Service given only on orders from a doctor, registered nurse or State Highway patrol officer. Patient shall be taken to nearest doctor's office, clinic or hospital. Charity cases to be taken to San Bernardino County hospital only. Service not available to convalescents.

A charge of 50c per mile shall be made to non-members.

Payments can be made at Mitchell's Real Estate Office or mailed directly to Secretary Gerhard, Joshua Tree.

Pepperdine Foundation To Mine Ore

YUCCA VALLEY — A new uranium strike near Daggett, on Highway 66, has been declared the richest yet found in California. Confirmation was received here to-day concerning the find that was kept a close secret until the mine was sold. Purchaser of the deposit is the Pepperdine Foundation which took samples of the ore several weeks ago and found them to be the richest yet tested by government inspectors in California.

Holders of the lease, Silas S. Stanley and M. A. Woodall, who represent nine miners, original finders of the deposit, sold the mine after an unusually short negotiation period. Mining operations are to begin immediately.

One of the most unusual features of the deposit is its location which is within one quarter of a mile of the Santa Fe rail lines and is lying just beneath the surface on a smooth rounded knoll giving easy access to the ore.

That Home Cooking

JOSHUA TREE—Oh, Boy! here we go again. Another one of those Bazaar and Food Sales sponsored by the Joshua Tree Woman's Club, and more of that home cooking. Scheduled to take place on the 18th and 19th of November, Friday and Saturday of this week, that is the bazaar will feature, besides delicious pies, cakes and other special dishes, hand made gifts suitable for Xmas or birthday presents.

The ladies have been working many weeks on the handmade fancy work and have quite a variety of original things to choose from. The sale will be held in the vacated sports Center building east of the Mitchell real estate office in Joshua Tree.

Ambulance Assn.

Have you paid your membership fee??? This is only three dollars for a calendar year - but may cost more if you delay.

Mr. D. W. of Yucca Valley intended to join the Ambulance Association, but somehow or other neglected to do so. On November 9, he suffered a heart attack and our ambulance had to make a rush trip to the hospital. This trip cost Mr. W. \$16.50.

So, don't neglect to pay your \$3.00 — you may be next! Payment can be made at Mitchell's Real Estate Office or mailed directly to Secretary Gerhard, Joshua Tree.

Invitation For Bids on School Building Nov. 22 at County Office

Sheriff's Posse To Return

YUCCA VALLEY — The L. A. County Sheriff's Posse number five which spent the holiday week-end in and around Yucca Valley had such an enjoyable time that they plan to return, according to Ole Hansen, realtor and tract manager for Yucca Corral Acres. The posse, numbering some thirty-five men arrived last Friday with horse trailers, chuck wagons and sleeping bags to spend the three days riding around the valleys and hills.

The posse made three rides, the first around Yucca, the second to Pioneertown (where them "Rawhide" outlaws took for cover), and the third into Long Canyon south of the village. About half of the posse attended the square dance in Yucca (which left the valley men folk in a quandry as to how to protect their wimmin' against sheriffs on vacation).

The posse unanimously voted to make their ride an annual affair, and many announced their intentions of returning soon as they found good riding country hereabouts. The deputies all enjoyed the fine barbecued steaks, and venison at the Yucca Corral Acres new hitching grounds.

The Posse was organized in 1942 under O. C. D. The regular posse under the L. A. Co. Sheriff, Eugene Biscaluze has a membership of fifty men. They own their own equipment and are on call at any time in case of disaster with their first aid units, mobile kitchen, light plant and side arms. Posse number five is undefeated in drills and parade. They have won first prize the past two years in competition with ten other L. A. County posses, at their annual review.

Cpt. Hal Lindsley was in command of the posse and was assisted by 1st Lt. Merle Little (in charge of organization) and 2nd Lt. Cliff Goodsen. The visit was made possible through the efforts of Ole Hansen and Emery Hansen, local realtors.

Xmas Decoration Contest in Joshua

JOSHUA TREE — At the meeting of the Chamber of Commerce held Nov. 10th, it was announced by President Branthoover, that a \$10.00 prize would be given for the best Christmas decoration in the business district. That the Chamber with the assistance of other organizations who desired, would decorate the three Joshua trees in the business district and would pay for any necessary wiring and

YUCCA VALLEY — An invitation for bids for the construction of two new elementary schools in the Morongo District has been published in a newspaper of general circulation. Both schools will consist of four classrooms and a kindergarten of the most modern functional type of construction. One school will be located in Twentynine Palms on a ten-acre plot ad-joining the high school property to the West. The other school will be located on a 15-acre plot to the South of Twentynine Palms Highway in the center of Yucca Valley.

Bids will be publicly opened at the office of the County Superintendent of Schools at 3:00 p.m. on November 22.

This is a partial culmination of a project which began with a local bond election on April 12, 1946, which qualified the district for State Financial Aid for a building program. Application for such aid was not approved until May 4, 1949, at which time the Local Allocation Board of the State Department of Finance apportioned \$229,601.05 to the school district for specific building purposes as outlined in the application and at the same time required the district to encumber all bond money for building purposes. Further stipulations were that the bond money be spent before making any expenditures from the fund allocated by the State. As a result of this, it was not possible to use a portion of the bond money for equipment as had been the original intention.

It is estimated that the new school buildings will not be ready for occupancy this school year, but that they will be completed during the summer months and ready for use next September. It is possible for contingencies to arise which will alter this estimate.

Lighting of the trees. Next month is election of officers and a nominating committee was appointed consisting of John L. Duncan, chairman, Margret Bair, Jack Crane, J. H. Rice, and Frank Wilberg.

Breakfast Club Invites Ladies

YUCCA VALLEY — Yucca Valley house wives will be treated to a sample of what takes their husbands away from a Sunday morning breakfast of waffles and eggs to "batch" at Tommy Bouchey's each Sunday a.m. As special guests the ladies will be able to see first hand what sort of competition they have on the No. Five Special. The Yucca Breakfast Club which is a fraternal organization designed to sponsor good fellowship and promotional ideas for Yucca Valley has decided to invite the skeptical spouse so that they may be aware of the noble cause of the Breakfast Club.

Seriously the Club has had a good many fine ideas batted around its board the past few meetings and two good projects have already been planned, namely the Xmas decorating contest and the party for the kids.

One of the important subjects of discussion was the creation of a valley Coordinating Committee made up of selected members of the Chamber of Commerce of the communities in this area. The function of this committee would be to bring about closer cooperation between the towns on matters of interest to the whole. It was noted that there has long been a need to coordinate the valley activities and to eliminate points of friction. If this section of the desert is to be promoted, the combined efforts are required.

It was agreed that the Club would have its meetings only twice a month on alternating Sundays, following the Ladies Day. Time is

Lowly Philosophy

By JUNE LeMERT PAXTON
SO DRY THE EARTH

The half-moon sheds its mystic light,

And floods the Valley floor;
While thirsty trees with outstretched arms

To gods for rain implore.

A coyote howls across the dunes,

A weird and wolfish bark;

So restless in his search for food,

He much prefers the dark!

No cloud appears across the sky;

The rain-gods show disdain;

While all the shrubs and little plants

Cry out their need of rain.

Morongo Valley Post Office

MORONGO VALLEY— Operating a variety store, and a post office and raising three girls has proven too complicated a life for Mrs. Valentine Mc Cracken, especially since the growth of Morongo Valley has increased the postal volume. Mrs. Mc Cracken, Morongo's post mistress has decided that the lesser of the three important should go, so the stock of variety merchandise is on the way out.

The postal department of Mrs. Mc Cracken's establishment will be moved further towards the front of the building, thus giving more space to handle the mails, and allow three teen ages daughters more room in which to acquire the things that teen age girls acquire.

The Becker's Variety of Yucca Valley have purchased the merchandise stock.

Basin Loses Trade At Hiway Junction

MORONGO VALLEY— The communities along the Twentynine Palms highway are losing trade due to the lack of direction at the Highway 99 junction near the underpass west of Whitewater. That is the claim of Mr. Bartholomew, proprietor of the Juniper Tree in Morongo. "I have had many people tell me that they first drove into Palm Springs before they found the directions to this part of the desert: The general knowledge is that the towns along the Twentynine Palms highway are near Palm Springs", stated Mr. Bartholomew, "and upon approaching the underpass they naturally take the right hand turn".

"I have had several letters from people telling me that they couldn't find the valley, and drove back to the city in disgust," continued Mr. Bartholomew, "one party even said he thought the entrance to the 29 Palms Hiway was a private estate and they drove on past."

Mr. Bartholomew stated that at least forty percent of our trade is lost due to the lack of proper direction at this highway junction. Once in Palm Springs they are discouraged from continuing up this way. There should be a prominent sign, visible in night lighting also, at least half a mile before the underpass, then another just before Whitewater stating "Twenty-nine Palms Junction 2 miles", and of course another at the turn-off where many mistake the white rock wall as a private ranch entrance.

At a recent meeting of the Yucca Breakfast Club a plan was proposed to establish a better sign at the Twenty-nine Palms Highway turnoff. Now that the seed has been planted it may be a good project to include the Whitewater and the underpass junction, to make sure that we lose none of our trade to Palm Springs.

PIONEERTOWN — Shooting on the current "Cisco Kid" production which began last Wednesday in Hollywood has shifted to the Pioneertown locale as of last Monday.

Federated Clubs

JOSHUA TREE — On behalf of the Federated Clubs, Secretary Helen Gerhard wishes to thank Chairman Herb Longshaw and his workers for their efforts put forth in the recent drive for more funds to enable the publicity campaign to continue. The following is a list of those who contributed during the campaign:

Alfred Larson, Oscar Rice — \$10.00; Jack Lay, John Boltres, Arnold Benedict, Ed Baldwin, Grace B. Murphy, E. R. Bartlett, Mrs. Hulde Hedin, Sun-up Dairy, Don Houghton, J. B. Bacon—\$5.00; Misses Frances and Louise Sims—\$3.00 each; John J. McGee, Mrs. Mary Rose and Frank Clarkson — \$2.00; John L. Duncan, F. Wilberg, Miss Sarah Swayzie, A. Peterson, Dr. D. C. Williams, Mrs. A. S. Ferguson, J. T. Electric Shop, Mrs. Crawford, and W. W. Whitlow — \$1.00; Mrs. Gladys O'Hara —50c; Mrs. Marie Rogers and Mrs. Laura Young—25c.

Although another supply of 5000 folders was received just a short time ago, these are almost gone. Secretary Gerhard reports that over 3000 were mailed to motels and auto courts throughout the United States during the past few weeks.

Therefore, an earnest appeal is made for additional contributions, especially from those Joshua Tree residents who have not yet contributed to this program which is so important to each and everyone of us.

Yucca Valley Notes

The Yucca Valley Com. Ser. Club held its regular meeting Wednesday evening. After a short business meeting W. R. Downing, Forest Fire Forman of San Bernardino headquarters, and C. M. Meidall (Chuck), Forest Fire Truck Driver, from Morongo showed pictures from the Forestry Headquarters entitled "Common Errors in Forest Fire Fighting" and "This is Our Land". After the picture those present enjoyed cake and coffee. All present were greatly interested in the picture which was new to both men as well as to the group gathered.

The regular Saturday night dance was a huge success this week, what with the Sheriff's Riders, Service-men and many out-of-townners all of whom we were very glad to have with us. Many of the Sheriff's group said they were looking forward to another gathering out here.

Visiting in Yucca Valley at the home of Floyd Peters this Sunday were Mr. and Mrs. Graydon Wright of Baldwin Park and Mr. Wright's mother, Mrs. Mae Wright, of Gardena. They have been friends of the Peters family for some 30 years. This was their second visit to Yucca and they like it so much the went "looking" for acreage.

Ray Royal was home on short leave and reports his buddy Gordon Pifer is in Memphis, Tenn. Also out for the weekend was Candy Ammann who is now working in L. A., Jonny Harmon and sister Dorothy, who also works in L. A.

P. T. A. News

The Yucca Valley P. T. A. is going to have a bazaar Dec. 3. Watch this paper and for posters for more definite information. There will be candy, cookies, cakes, hot dogs, hamburgers etc. for sale, also novelties and handicrafts.

Yucca Valley Hay Raid

The browsing bovines are on the loose again and are really lousing up the landscaping around the valley. Even though it is not open range for cattle it seems to be open season for green fodder. The strolling stock seem to have a taste for the baled alfalfa at Stan's Feed Store and are especially fond of the shrubs around the Trailer Court. Mr. Hadley who pays the second largest water bill in Yucca bemoans the fact that the animals eat up his shrubbery faster than he can grow it, and only an all-night vigil insures protection.

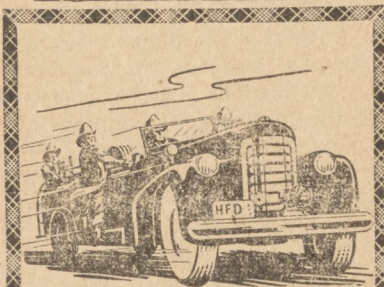

But, more serious still, is the highway menace that is ever present while the stock is allowed to wander untended through the valleys. Several cars have been damaged in the past two years in collisions with the animals.

Unless steps are taken soon to remove the stock from the valley, which has not been open range for over thirty years, there may occur a serious accident which can result in death. One cattle owner in Morongo has already cooperated by removing his stock, but but no interest or action seems to be apparent on the part of remaining cattle owners.

Oscar Webster Passes

YUCCA VALLEY — Bronchial pneumonia preceded by a heart attack took the life of Oscar A. Webster last Thursday, Nov. 10th, at the Palms Springs Hospital. Mr. Webster, a native of Rhode Island, settled here about a year ago with his wife Alice. The Websters had bought a newly finished house built by Lee Cotten and had quickly become leading citizens in the life of the community.

Mr. Webster was for many years a distributor of Nichols Files previous to coming to Yucca. He is survived by his wife Alice Webster and a daughter living in the East. The funeral was held Monday at Forest Lawn.

Yucca Legion Post Has Busy Weekend

YUCCA VALLEY — The local Legion post had one of the best attended Armistice Day celebrations on record. Beginning at seven thirty a.m. the Ladies Auxiliary started serving breakfast. Bacon and eggs was interrupted only long enough for the eleven o'clock services at which Commander Don Chapman of Fontana took charge.

The Legion served breakfast all day long and there was a continual informal celebration of dancing and singing lasting until about 10 p.m. There were many out of town guests and visitors and many applications made to join the local post. The Afghan which was raffled off to raise expenses was won by Mrs. Hofner of Yucca Valley, who generously offered to raffle it over again.

The next regular meeting of the Legion will be held on the 1st Tuesday p.m. in December. "Pot-luck" will be the initial number on

Dusty Trail Club to Flag Long Canyon

YUCCA VALLEY — The Dusty Trail riders of Yucca Valley plan to flag Long Canyon in the near future. A recent scouting trip was made by Rex Hamilton, Stan Johnson and wife, Chic Ristine, Joe Lopez and wife, and Mr. Shriner of Twentynine Palms disclosed that the trail is a good one but seldom used. Long Canyon is the shortest way into Desert Hot Springs and recently a party from Palm Desert made the trip, guided by Bill Royall after first getting lost.

"Trail Blazer" Hamilton said that the ride is a very scenic one and is only about seven miles long. Plans are being stimulated to bring about exchange rides through this canyon.

the program of events. Six-thirty is the time. Bring your hot dish and table service. Coffee will be served.

LONG DISTANCE

*The fast way
To do Business*

You can telephone anywhere in the United States for not more than \$2.50 (plus tax), the day station rate for the first three minutes for coast-to-coast calls.

You can reach customers, suppliers, business associates fast by Long Distance—and you can say a lot in three minutes if you prepare what you are going to say beforehand and don't waste words. Long Distance is one of today's best bargains—the Coast-to-Coast rate is now less than half what it was ten years ago.

Greenhorn Gardner P. T. A. News

BY RUTH HALE

How are your sweet potatoes doing? Mine have lots of roots, but so far the purple buds haven't burst into that lovely green foliage.

Grapefruit, orange or lemon seeds can be planted in pots of sand and put into a dark place for a week or so, in order that they may take root. They must be kept damp and warm during this period. Then the pots may be placed in a warm sunny spot and you should be rewarded for your trouble by having plants with glossy green leaves. The seeds should be washed before planting. They can be transplanted to the outdoors in the spring but it is doubtful that they will ever bear fruit.

Carrots, beet tops and horse-

JOSHUA TREE — Mrs. Harold Jost, president, announces change in date for the November PTA meeting from the 24th (Thanksgiving Day) to Tuesday evening, the 22nd, at 7:30. Everyone in Joshua Tree is invited to attend this important meeting, and the parents should be interested in hearing Mr. Claude Irwin explain the proposed children's playground for Joshua Tree. The school children will entertain with a repeat performance of a very novel offering they put on for their parents a couple of weeks back. Lunch and refreshments will be served following the regular business session.

radish all produce attractive foliage for winter gardens. Cut back the roots to a third or more and the tops to about an inch from the roots. Put them in fancy dishes, with the water reaching, but not submerging the tops. The carrots will soon present it's ferny foliage, the beet it's red veined leaves and the horseradish it's distinctive arrow shaped leaves. Small pots of moist, sandy soil are excellent for these amusing plants.

The horseradish grows particularly well this way. Outside of keeping the soil moist, these indoor plants require no care and are quite long lived.

The seed of the avocado can be started in water and transferred to soil later. Three match-sticks stuck in at the base, can be used to support the seed in a dish, with just enough water to reach the bottom of the seed. In three or four weeks, white roots will spread out into the water and the seed will burst open, revealing the top of a glossy green avocado tree. In about two months, soil can be added to the water and soon the plant may be transplanted to a pot of soil.

Next week, I hope to talk to you about bulbs suitable to this area. Where are those letters?

Women's Society of Christian Service

JOSHUA TREE — The ladies of the Joshua Tree Community Church have started a new endeavor in the field of neighborly assistance. Last Wednesday they met at the Chapel to organize a Women's Society of Christian Service. Believing that true Christianity is in the doing, they plan to be of help in a Christian way to the community by planning their

Late Party News

Sorry and we offer an apology to the people and kiddies who worked so hard to have a grand party for the school kiddies on the past Hollowe'en evening.

Mrs. Birch Wilds, Mrs. Chas. Mitchell and Mrs. H. K. Lee, the committee of judges did a fine

job in awarding the prizes for the costumes and makeups of the prize winners. Bobbing for apples, games and contests for prizes, with the witches brew drink and halloween treats rounded out an evening of trick treat pleasure, enjoyed by all who attended the party held at the school house.

THE TURKEY GROWERS

PAGE

ASSEMBLED ON THIS PAGE EACH WEEK ARE NEWS ITEMS OF INTEREST TO THE TURKEY GROWERS OF THE DESERT AREAS

Sunfair Notes

Mr. and Mrs. R. M. Summers of Baldwin Park visited the V-Bar-M ranch this past Sunday. Mr. R. M. Summers is the son of Forrest Summers, prominent turkey grower. Five hundred hens are being shipped from the V-Bar-M Ranch this week. The Silver Dollar ranch is shipping four hundred bronze hens. Mr. and Mrs. Jo Buchannon of South Gate were visitors at the Freye Ranch Sunday, as were Mr. and Mrs. Mathew Bernsick of Gardena. Mr. Clancy of Huntington Beach is building a week-end home in Sunfair. Mr. Clancy is with the Texas Co. Dick King will break ground for a new home in Sunfair in about ten days. This will be the first FHA house in Sunfair. Harry Dutton is going to enlarge his home with the addition of two bedrooms. The Thomas Freyes also plan to build. George Bloom hopes to finish soon the brooder and utility house for the Elsie Witcher turkey ranch. The Witcher ranch will be a three acre run. Mrs. Mabel Thomas and daughter June and Johnnie Palm spent the week-end with the Wm. Briggs. They are from Long Beach.

Turkey Talk

SUNFAIR — Have you noticed how jittery the turkeys are these days? Do you suppose Truman's Thanksgiving Day Proclamation got passed around? Even Sunfair turkeys get sick occasionally (remember! 8 per cent losses, lowest in country?) and we had an opportunity Sunday to get the low down on one of Mr. Gobbler's aches and pains. Sinus! Yes, sir! Of all things, but then turkeys are subject to almost as many diseases as are people, including nervous breakdown. At the Silver Dollar Ranch Mr. Freye took time to explain the symptoms and cure. Soon as he notices a turkey with puffed eyes, like in a hang-over and insomnia, he puts it in the contagious ward for observation. There Mr. or Mrs. Turkey bird is given the silver nitrate treatment after draining the sinuses. The turkey usually recovers mighty quickly, but for a while he is a mighty sick bird. . . . The Terrible Turk.

SPORTSMEN CLUB PARTY

JOSHUA TREE — The Sportsmen Club "Friday Nite" party held twice a month is giving a beautiful electric clock as door prize this week. The clock is on display at the Trading Post.

Gobble, Gobble!

(Continued from page 1)
play and awarded as prizes to the target and trap shooters for the two day affair to be held at Sportsman's Field next Saturday and Sunday. The shoot will be restricted to open sight shooting. Lunch and refreshments will be served by the local PTA in the clubhouse both days.

Thanksgiving Birds to Bring 65c, 75c, Eviscerated

SUNFAIR — At a meeting of a growers group made up of members of the Sunfair Turkey Growers' Association held here Monday night, it was the unanimous opinion of those present that Prime Grade A Turkeys will be sold retail from the ranches from now until Thanksgiving would be sold at sixty-five cents per pound for toms and seventy-five cents per pound for hens, all birds to be fresh frozen, eviscerated — ready for the oven.

It's possible there may be a few birds sold by some of the growers that would be graded a Grade AA and sold at slightly higher prices.

SUNFAIR —
Sun Valley Turkeyland Assn.
Joshua Tree, Calif.
Gentlemen:

The Twenty-nine Palms Chamber of Commerce wishes to take this opportunity to extend to you its thanks for your coming out here to join us in our Pioneer Days Celebration.

Your entry into our parade helped to make it the best we have ever produced and we hope that you will be with us next year when we expect to do even still better.

Cordially yours,
TWENTYNINE PALMS
CHAMBER OF COMMERCE
for Bob McCown, Pioneer Days
Chairman, and James Goss, Parade
Chairman.

Summers Plans Expansion

SUNFAIR — Forrest M. Summers, owner of the V-Bar-M turkey ranch recently acquired additional acreage for turkey growing. His present ranch on which he is currently raising about five thousand birds comprises ten acres of choice Sunfair land. In addition he has fifteen acres on which he plans to raise turkeys. Mr. Summers does not, however, intend to increase his flocks this coming season, but will raise another five thousand birds on the same acreage.

A five thousand bird ranch is a good one-man job believes Mr. Summers and at the present he is not prepared to start another ranch. One thing at a time, he states, and that one thing happens to be a new home which he will begin soon. Perhaps the following year will see another V-Bar-M turkey ranch.

Mrs. Neff Funeral

JOSHUA TREE — Ivy M. Neff, wife of Chas. A. Neff passed away Nov. 4th after an illness of three months; aged sixty-nine. Born in Louisiana, Mrs. Neff had made her home in Joshua Tree with her husband. They have been married one year past their Golden Wedding Anniversary. Mrs. Neff leaves, besides her husband, four daughters: Mrs. Faye Gottoni, Mrs. Naomi Adams, Mrs. Roseadel Prather, and Mrs. Yvonne Jones. There are also seven grandchildren. Mrs. Neff will be buried at Holy Cross Cemetery Wednesday, Nov. 9th.
